

Your Opmetrix application has just been updated to Version 5.0 with a completely new look and feel. This is an exciting update as it not only refreshes the usability and experience, but extends the Opmetrix platform to allow the addition of new modules and features going forward.

**Take 5 minutes to review the key changes below**

We recommend you review the key changes in the diagram below, have a quick practice then you should be good to go... and of course if you need more information our Help Desk is standing by to assist.
